called, It is the ultimate Goal toward which all Life is journeying, and It can be experienced by the evolving consciousness of any unascended being when he has become still enough.

Once you have entered into the Heart of that exquisite Stillness where you will meet with every Being Who has mastered the outer self; where you can see the full design of God's Plan for every creature; you will, like Myself, never leave It again; but you will work from within that Heart, abiding in Perfect Peace. Your physical heart is a replica of the Great Cosmic Heart of the Universe, and through the door of that Heart you can enter the place of Stillness, and you will find It increasing and becoming more tangible as you practice the cultivation of that Inner Peace.

I smile when I see the mankind of Earth so intent on travel and vacation when they may go into this Inner Realm on a breath and come back more restored than any resort or any physical sunshine or water spa could manifest for them.

Dear children of My heart, I implore you to enter deep, deep, deep into the Heart of the Silence and know for yourselves the Fullness of Life that is there for your health, enjoyment, prosperity and peace.

Blessings and Love,

MAHA CHOHAN

****

Humility and Grace are both of Spirit alone. Neither can be brought under control by the outer senses of man, for each quality is given through man by the Breath of the Spirit of Life.

Humility is an inner reverence letting the Power of Life express or flow through the Cup of one's consciousness with no effort of the outer senses. In this way, Humility, like the Sun from the Heart of Helios, flows forth in quiet gentle streams of life - a blessing and an anointing on all life.

Grace of the Spirit is that Beauteous, Joyous, Effervescing Happiness of Life that, from within the hidden inner depths of men's hearts, makes each of them a delightful companion to all everywhere - be it in Heaven or on Earth. The Grace of Spirit shines forth from him who knows his oneness with all life; who is willing to join himself with other forms - no matter where - thus making a greater, firmer bond of Spirit whereby man shall know himself as Spirit - not flesh.

Dearly beloved hearts of Mine, I offer to each of you the Gift of My own Humility and Grace of Life. It may be for you, each one, a living, breathing, pulsating, eternal Reality with each breath you breathe if you so desire. It needs only your acceptance, and then sustained consciousness of that oneness with Me. This does not mean that your thoughts must constantly be on Me, but each one of you must learn to live where

"I AM". This means, dear children, away deep - much deeper within your heart than most of you have yet gone - "I AM"; and there is the Loving Gift and the Consciousness of all that "I AM" and what It means.

Within the Secret Place of your own heart you will contact your own Divine Identity, and there, also, may be found the Gifts of all who are of the Heavenly Consciousness. Again we see the meaning of the Master Jesus' words: "Seek ye first the Kingdom of Heaven (your own Christ Identity) and all other Gifts of Consciousness shall be added unto you." So often has man heard the words 'man is but consciousness', and they remain but 'words' for him. Raise your own consciousness, by an effort of will, from the human or outer man's thinking, and fasten it to the mind of your own Higher Self within. In this way, your creative faculties will be raised, and you will find yourself thinking and feeling like unto your own Christ Self.

Beloved ones, you each are known by and express your form of consciousness each moment that you breathe. Man expresses mostly from the outer consciousness of himself; yet if he will identify himself with his True Identity, then in Truth will he express the Consciousness of Heaven Itself.

"The Kingdom of Heaven is within"; also "the Kingdom of Heaven is at hand" are words spoken so many centuries ago, and yet man has not learned to BE this beautiful Being which IS his TRUE IDENTITY.

Enter deep, deep, deep within until you find the "I" of you; then kneel, in spirit, and be

enfolded in Its Divine Embrace and absorbed into Its way of thinking and feeling. Beloved ones, I welcome you, this day, into the Inner Consciousness of Spirit, and ere this year has flown, there shall be those of you who shall move wholly and eternally free as Spirit upon this Earth and also in the Higher Octaves of Light where your Ascension is assured.

Blessings and Love,

MAHA CHOHAN
